PROFESSIONAL SUMMARY

Ai Engineer with experience in Ai agents ,Rag , vector database, Ai Agents,Agentic Ai, LLMs Api, cloud infrastructure, CI/CD automation, containerization, and Infrastructure as Code. Skilled in AWS, Kubernetes, Terraform, configuration management, cloud operations, and DevSecOps practices. Also experienced in web application security research focused on Broken Access Control and IDOR, with Hall of Fame acknowledgements from Dropbox, Zoho, and Atlassian. Additional technical background in AI Operations (AIOps), AI workflows, and hardware/electronic systems diagnostics.

CORE COMPETENCIES

Ai Engineering | Cloud Infrastructure | DevOps Automation | CI/CD | Docker | Kubernetes | Infrastructure as Code | Linux | Monitoring & Observability | Cloud Security | DevSecOps | Web Application Security Research | AIOps & AI Workflows

PROFESSIONAL EXPERIENCE

Cloud DevSecOps Engineer

October 2025 – October 2026

AI Nafi | *Remote*

– Provisioned and managed AWS cloud infrastructure using Terraform and AWS CloudFormation to support repeatable infrastructure deployment.

– Built and maintained CI/CD workflows using AWS CodePipeline, GitHub Actions, and GitLab CI/CD.

– Worked with Docker and Kubernetes (EKS) to deploy and manage containerized services across staging and production environments.

– Applied DevSecOps practices to IAM permissions, security groups, and cloud network access policies. – Developed Bash and Python scripts to reduce manual operational work and support cloud monitoring routines.

Cybersecurity Researcher / Bug Hunter

Independent Security Research | *Web Application & SaaS Security*

– Tested web applications for Broken Access Control (BAC), Insecure Direct Object References (IDOR), and multi-user authorization boundary issues.

– Practiced role- and user-based authorization testing and responsible disclosure processes.

– Received *Hall of Fame* acknowledgements from **Dropbox, Zoho, and Atlassian**.

Hardware & Technical Systems Specialist

Technical Systems Experience

– Diagnosed, repaired, and replaced components in *desktop computers, laptops, and custom workstation PC*s. – Troubleshoot electrical, electronic, and mechanical systems in *electric scooters/EVs* using diagnostic tools.

TECHNICAL SKILLS

AI & Software: AIOps, LLMs, Generative AI, RAG architecture, Agentic AI, AI workflows, MLOps, machine learning, NLP, REST APIs, Selenium, Dart, Flutter , FastAPI

Cloud & Infrastructure: AWS (EC2, EKS, ECS, ECR, S3, EBS, Lambda, IAM, RDS, EFS, SNS,

VPC, CloudFormation, CodePipeline), Azure, Google Cloud, cloud networking, high availability, scalability, cloud optimization

DevOps & Automation: Docker, Kubernetes, Terraform, Ansible, AWS CloudFormation, Jenkins, GitHub Actions, GitLab CI/CD, Helm, deployment automation, configuration management

Systems & Observability: Linux administration, Bash, Python, Prometheus, Grafana, AWS CloudWatch, Nginx, TCP/IP, DNS, HTTP/HTTPS, VPC networking, security groups, network ACLs

Security & DevSecOps: Cloud security, DevSecOps, Broken Access Control, IDOR, privilege escalation, authorization testing, OWASP Top 10, responsible disclosure , Burpsuite , SIEM , compliance , ISO standards, scada security .

Hardware & Systems: PC/laptop repair and maintenance, component diagnostics, custom PC building, EV/electric scooter troubleshooting, mechanical/electrical/electronic system diagnostics

EDUCATION

RQF Level 6 Diploma in Artificial Intelligence Operations (AIOps)

EduQual Scotland, United Kingdom

– BSc / Bachelor's-level equivalence as stated in the supplied CV; focus on AI Operations, cloud systems, machine-learning workflows, and infrastructure automation. **Grade: A**.

FSc / Intermediate (Pre-Engineering / Computer Science)

Fazaia Education System School & College, E-9, Islamabad

– Score: **92%**.

Matriculation / Secondary School Certificate

IMCB G-10/4, Islamabad

– Score: **93%**.

CERTIFICATIONS

– AWS: Migration to the AWS Cloud
– AWS: Security, Compliance, and Governance for AI Solutions
– AWS: DevOps on AWS
– Google Cloud: Introduction to AI and Machine Learning on Google Cloud

ADDITIONAL EDUCATION & LEADERSHIP

Source Code – Psychology & Emotional Intelligence: Three-year program covering human behavior, communication, personal development, and interpersonal understanding.

Community & Event Organization: Participated in leadership, event coordination, educational seminars, and technical community workshops across Youth Club, Seerah Society (COMSATS University), AlBurhan, Source Code, IMS, and Bazm-e-Paigham.

LANGUAGES

English: Professional Working Proficiency | Urdu: Native / Fluent | Arabic: Basic Proficiency
